PREFACE

We take pleasure in presenting Vol. XXIII of the Asheville, N. C., Directory, which will compare favorably with any Directory published.

No City in North Carolina has made greater progress than Asheville, during the past year. New homes in and around Asheville having been built by the hundreds. Not only has the residential section of the City improved, but the business section as well. Two of the finest hotels in the South now being under construction. Several up-to-date office buildings have been or are now being erected. Two large department store buildings and many other buildings of various kind including several up-to-date public schools.

In educational advantages, Asheville is in the lead, having over twenty up-to-date school buildings and a corps of over two hundred teachers. The City owns a ball park which is one of the best in the country. Here the students have their athletic contests. Not only does the public school system rank with the best, but in and around Asheville are located some of the best schools in the South, among which may be mentioned, Asheville University, Bingham and Asheville Schools for Boys, St. Genevieve's College for girls, Cecil Business College and others.

At Asheville is conducted a summer Normal School with a large attendance from every section of the country.

In conclusion we wish to thank the people for their courteous way of giving information, and the business men for their support.

Population with Suburbs, 44,272.
January, 1924.

COMMERCIAL SERVICE CO.

MR. BUSINESS MAN:

Are you a member and a supporter of the Chamber of Commerce? If not, why not?

10 REASONS WHY YOU SHOULD JOIN.

First: Its Purpose. The Chamber of Commerce is organized to forward those public interests, civic and commercial, which have long been neglected because "everybody's business is nobody's business." The sole object of the acts of the Chamber of Commerce is the public good.

Second: Its Membership. Because membership in the Chamber of Commerce is open to everybody without distinction of any sort—a democratic institution in the best sense of the word: the town meeting restored.

Third: Its Method. Free speech and openhanded dealing are employed on the public questions large and small, which arise in the community.

Fourth: Cooperation. Membership in the Chamber of Commerce shows your sympathy with an organized effort to better the city, and life within it. The things that are worth doing are brought to successful issue only through united demand and interest.

Fifth: Your Duty. If a man can afford $25.00 to join the Chamber of Commerce, it is a public duty to make that contribution for the development of Asheville.

Sixth: Reacts on You. A man in business is broader and more successful when he has a more active interest in municipal affairs, civic and commercial.

Seventh: A Chance to Work. As a member of the Chamber of Commerce you are afforded an opportunity to work for conditions you have, as a good citizen, long hoped for; you can help things happen.

Eighth: You Get Out What You Put In. If one gives his best efforts he is justified in looking for results favorable to himself, material and ethical. He profits in dollars and cents through the increased prestige of his city; but best of all in personal satisfaction at having come out of his own shell of self-interest and broadened his horizon.

Ninth. For Future Generations. He is a small man, if not mean, who cares only for his own success and for the prosperity of his own generation alone. Therefore the broad-minded citizen seeks to ally himself with those forces which are building the city of the future, for his children and his children's children.

Tenth. In Short. There is bound to be growth where there is action. People are attracted to a community that is alive.
Don't you want to have part in this?

TO THE MAN WHO SAYS "I CAN'T AFFORD IT."

There have been men who thought that they could not afford electric lights in their stores. They used kerosene lamps until the sheriff came after them.

There have been men who thought they couldn't afford to advertise. Their creditors closed down on them in time.

There are a few men in Asheville doing a good business who think they cannot afford to be a member of the Asheville Chamber of Commerce. If all men were like them there wouldn't be any Chamber of Commerce. Rival communities would rejoice in that condition.

Asheville would be ready for a receiver in time if the city's business men didn't have spirit enough to give a little of their time and money to organized effort in community development.

Many men count a membership in the Chamber of Commerce as being as necessary to their business as light, telephone, heat and advertising. These are Asheville's most successful business men too.

It ain't the guns nor armament, nor funds that they can pay,
But the close cooperation that makes them win the day.
It ain't the individual, nor the army as a whole,
But the everlastin' team work of every bloomin' soul.

"RUDYARD KIPLING."

What the Tourist Business Means to "The Land of the Sky"

THE greatest industry in Western North Carolina is the development of the tourist trade.

FIFTY million dollars are expended annually in this section by visitors.

INTENSIVE advertising of our natural advantages ,scenically, and climatically can and will increase that expenditure by many millions.

THE Route "A" Highway from Cincinnatti to Miami, when its merits as a north and south travel route are fully exploited, will bring hundreds of thousands of motor tourists through Western North Carolina every year.

THE Southern Tourist and Diversion Magazine, official organ of Route "A" Highway Association and the Asheville-Western North Carolina Motor Club has a national circulation reaching tourists everywhere.

IT has consistently preached a policy of growth and expansion and done much to advertise southern resorts in a big way.

ITS circulation covers North Carolina, Florida, Virginia, Kentucky, Tennessee, Georgia, Florida, Bermuda and Cuba. It reaches a class of people who have buying power. Advertising in its columns gets direct results.

DEVOTED to golf, motoring, good roads, resort features, and tourist information of every kind it is destined to play an important role in the development of the tourist business in the Land of the Sky.

IT is worthy of your support. You should be both a subscriber and a supporter of its advertising pages. Anything which helps the "Land of the Sky" indirectly affects your business, whether that business be selling "Black diamonds" or "benzine buggies."

DROP us a card and our advertising representative will be glad to explain rates and policies.

Who Is Your Competitor?

What competition do you fear most? The competition from a store which advertises, or the other kind?

Directory advertising—regular advertising—is a vital part of the sales effort of aggressive, optimistic firms. For business enterprises in which such an advertising policy prevails, the outlook is always rosy.

Citizen Want Ads

BRING RESULTS

READ BY 70,000 PEOPLE

How many people do YOU number among your friends and acquaintances?

How many could you reach in a hurry—by mail, phone or personal call?

The number is insignificant—PRACTICALLY NOTHING—when compared with the thousands who live here.

Yet there is a way of getting in touch with men and women you never saw—whose NAMES, OCCUPATIONS, RESIDENCE, NEEDS you know absolutely nothing about.

It is through CITIZEN WANT ADS. A few lines under the different classifications on the want pages, such as "Help Wanted," "For Sale," "Lost and Found," etc., reach just the people you want to reach. This is demonstrated day after day to all who use Citizen wants ads.

Every day we hear of someone who used a CITIZEN WANT AD and received far more results than they had expected.

"USE THEM—THE COST IS SMALL"
